## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Regarding the double patenting rejection to claims 1-20 as set forth in the previous action, the double patenting rejection is now withdrawn in light of applicant's Terminal Disclaimer filed on 12/14/2005.

Regarding amended claims 18-20, they are allowable for the reasons as set forth in applicant's response filed on 12/14/2005, page 7.

Regarding claims 1-7, the prior art of record fails to disclose or render obvious the baseband circuitry coupled with at least one of the any number of bypass switches, wherein the baseband circuitry generates a bypass control signal to control the at least one by pass switch so as to vary a bias control signal that is generated to set the adjustable bias level of the amplifying circuit; wherein the at least one by pass switch provides a direct connection between a low noise amplifier and a mixer when utilized according to the by pass control signal, as recited in independent claim 1.

Regarding claims 8-17, the prior art of record fails to disclose or render obvious a bias control generator coupled with the amplifying circuit, wherein the bias control generator provides a bias control signal to control the adjustable bias level of the amplifying circuit and to control a first internal signal; and a bypass switch coupled across the amplifying circuit, wherein the bypass switch receives the radio frequency input signal and provides a direct conversion of the radio frequency input signal to the first internal signal, as recited in independent claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nguyen T. Vo whose telephone number is (571) 272-7901. The examiner can normally be reached on Monday-Friday.
